Alpha1 16a Jan 21, 2016 (Current Version)New added sound to burning vehicle hulks collision sounds for grenades Tuning Mission 05 military command tent downgraded to a small encampment of Cougar teams, to distract less from the primary mission objective city center warehouses much better defended, and now feature a group of scientists that are the primary mission goal lots of new props added, more random survivor groups added end mission objective location arrow added, enabled after Tank goal completed some groups of humans now using wander hint parents to wander about within a limited space on the map Mission 04 squads around military base will now (mostly) all reinforce each other when base is attacked, making the end of m04 a bit tougher improved sound of landmine explosions and grenades with new SoundData Prefab tool swapped m04 + m05 blurbs in the Mission Select screen to better match the audio plays for those missions, small editorial tweaks to blurbs Fixed turrets can't fire through walls a few bad textures in m05 cleaned up fixed missing landmine sounds in skirmishes fixed the "rotate camera" goal in the m01 tutorial not showing a goal arrow in the scene fixed burning truck behind gas station in m04 not carved out of navmesh fixed alpha test menu enabled in skirmish missions by default fixed no chaos earned for killing a goat Known Bugs missing collision for animated police car in m02 Alpha1.. 16 Oct 29, 2015 New Mission 04 - "Night Terrors" Mission 05 - "Breakthrough" New human weapon - machine gun turret Mission Select screen updates: Separate sections for mission maps vs.. undead overlord overlord undead challenge overlord undead dragon overlord undead king english dub.

overlord undead king ger sub overlord undead king full movie overlord undead king magyar felirat.. Overwhelm the arriving SWAT units, gather civilian bodies, and reduce a mighty city to rubble.. The fact of the matter is - it *still* needs more work! You all know about Beta software.. skirmish maps Updated scene graphics New radio plays for new missions Bonus goals - all missions (including the two new ones) now have two functional bonus goals Pooling and limiting for footstep sounds - footstep sounds don't go missing, and don't overlap so much that they cause weird audio artifacts Added Steam Cloud support Better lighting for destroyed pieces of destructibles after the destruction has happened - no longer tied to the character lighting Tuning Boss upgrades cost more Speed Zombie ranged attack less powerful Reviewed and tuned starting and max chaos levels for all maps Fixes Possible to target the Speed Zombie bile projectile for attack Mission 01 - Humans running out of bounds Mission 02 - Goat bonus linked to the wrong character (female rifle unit) Mission 03 - Swat reinforcements visible at edge of the map and mini map at beginning of the mission Mission 03 - Speed Zombie mutation pop-up and counter-attack notice pop-up working again Skirmish 01 - Military spawning out of forward base are backtracking before finding their way Misc bug fixes Check out the forums for the complete release notes.. ly/31yKuzu About This Game "Danger, Will Robinson!" Filled with bugs, shorter than you want it to be, lacking features you crave, and just *not* fully tuned yet - this alpha release may infect your brain and leave you curled, twitching in a corner, while you jones for more zombie goodness.
